SECTION 3.0: SCOPE OF WORK

The Rural Alaska Community Action Program (RurAL CAP) is soliciting proposals from certified general contractor for our renovation project of our Child Development Center playground that will be focusing on the procurement, installation, and mandatory implementation of safety surfacing and playground equipment at the specified RurAL CAP CDC playground location. The primary aim is to enhance play functionality and aesthetic appeal with an emphasis on flexibility and safety.

1. Removal of Existing Equipment:

- Safely dismantle and remove existing playground equipment that is no longer fit for use. Ensure that all hardware and materials are disposed of or recycled according to local regulations.

2. Installation of Safety Surfacing:

- Install new cushion tile surfacing across the playground to provide a safe, impact-absorbing surface under and around the play areas. This surfacing is mandatory to meet safety standards and enhance comfort for the children.

3. Construction of Divider Wall/Fence:

- Erect a new divider wall or fence between the toddler and preschool play areas to enhance safety and supervision capabilities. The structure should include a gate for easy access and emergency egress, and be tall enough to prevent climbing by children.

4. Site Preparation and Dirt Work:

- Perform necessary dirt work, including leveling and grading the site to prepare for the installation of new surfacing and the construction of the divider wall/fence. Ensure that the site drainage is adequate to prevent water pooling and soil erosion.

5. Project Management:

- Contractor Requirements: Contractors must be licensed and have proven experience in playground construction, especially in installing safety surfacing and building secure fences or walls.
- Timeline: The project is to commence as soon as possible, with completion targeted for no later than six months from the start date, to minimize disruption to the facility's operations.
- Budget and Funding: Detailed cost estimates will be finalized following the procurement of bids from qualified contractors. Priority will be given to cost-effective solutions that do not compromise safety or quality.

Project not to Exceed \$245K.

SECTION 4.0: PROPOSAL AND SUBMISSION REQUIREMENTS

To achieve a uniform and expedited review process and ensure the maximum degree of comparability, it is required that the bids be organized in the manner specified. Bids shall not exceed 5 pages in length (excluding letter of transmittal, resumes, title page(s), index/table of contents, attachments, or dividers). Information in excess of those allowed will not be evaluated or scored. One page shall be interpreted as one side of single lined, typed, 8 1/2" x 11" paper.

4.1 Title Page

PART III

Contract Provisions as required by Federal Head Start

All contracts, awarded by a recipient including small purchases, shall contain the following provisions as applicable:

Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c)--All contracts and subgrants in excess of \$2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland "AntiKickback" Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended--contracts and subgrants of amounts in excess of \$100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). The Clean Air Act prohibits (1) engaging in, (2) supporting in any way or providing financial assistance for, (3) licensing or permitting, or (4) approving any activity, which does not conform to the state implementation plan for natural primary and secondary ambient air quality standards. The grantee shall ensure that the facilities under its ownership, lease, or supervision which shall be utilized in the accomplishment of the program are not listed on the U.S. Environmental Protection Agency's (EPA) list of Violating facilities and it will notify the Agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under construction for listing by EPA.
